

END-OF-LIFE Product Notice

Hamilton discontinued the BIO-LOCKED product on January 19th 2017 but have offered replacement parts for existing sites. The supply chain for these parts is un-reliable and with extreme extended lead times have forced us to discontinue supporting the existing systems with parts.

Product End-of-Life (EOL) is when a product is retiring from production or market. Hamilton will be retiring the following BIO-LOCKED replacement parts.

New version to replace the retired product NONE

DATE: June 1, 2022

End of support on a technical aspect? No will continue

Service: Will we be maintaining parts and for how long?
Hamilton can longer provide parts since the supply chain can no longer support the product needs.

Please Feel Free to Contact Medico directly for lock parts.
Phone Number: 1-877-633-3261

BIO- LOCKED
